DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John D. Reed on February 5, 2009.

The application has been amended as follows:

Claim 1 shall read;

1. (currently amended) A spray head for use with an electrohydrodynamic spray device, wherein said spray head comprises at least one nozzle configured to provide a charged aerosol from a liquid formulation, said nozzle comprising a manifold having at least one fluid entrance, a plurality of discrete fluid spray sites and a passage to establish fluid communication between said at least one fluid entrance and said plurality of fluid spray sites, said passage configured such that said liquid formulation traveling within said manifold travels a substantially equal distance from said at least one fluid entrance and in communication with a charged electrode to any one of said plurality of fluid spray sites.

Claim 3 is cancelled

Allowable Subject Matter

1. Claims 1, 2 and 6-30 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art fails to disclose or render obvious a electrohydrodynamic spray head that features a nozzle manifold containing a charged electrode in communication with sites to be sprayed, the manifold having equidistant outlets associated with the manifold where the charged and sprayed material travels equal distance from the fluid inlet to the sprayed sites.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
